

# Breeder Health Warranty & Purchase Agreement

I, Myron & ThousandHills Canine (seller) do guarantee the following concerning the purchase of your canine. **The puppy must be examined by a veterinarian within (7) days (not counting Sundays) for this guarantee to be valid.**

Your new puppy is guaranteed against viral disease up to 7 days beyond the date that the puppy is taken home. If the veterinarian finds abnormal results in the exam (apart from any imperfection that was made known at the time of the sale), I, the breeder (Myron), must be contacted **within 72 hours** and copies of the vet reports supplied to me as the breeder. After this is provided, we will offer a reimbursement or solution based on the veterinarian's findings. In case of the puppy's death within a 7 day period, an autopsy must be arranged and paid for by the new owner and the findings must be submitted to the breeder before any exchange will be made.

Your new puppy is also guaranteed up to, and no more than, one **( 2 ) years from purchase date against major genetic defects affecting the heart, lungs, liver, kidneys, etc.**

If the examining veterinarian concludes that the puppy has a serious genetic illness, the breeder must be notified and proper documentation provided to the breeder by the veterinarian. The breeder may require a second opinion depending on the findings. Once all is received and reviewed, the owner will have the option to bring the pup back in exchange for another puppy of equal or lesser value. A reimbursement (whether in part or in full) will be provided at the breeder's discretion. At no time will your credit exceed the purchase of your puppy.

The breeder is not responsible for any veterinarian bills you incur with your new puppy.

Though we are dedicated to the well-being of the puppy both before and after it goes to its new home, **the breeder can assume no responsibility for this puppy after leaving the premises for any medical expense, death, allergies, training difficulties, behavioral issues, etc.** We CANNOT guarantee this puppy for showing purposes even when sold with full registration. We will give our professional opinion on whether this puppy may or may not be breeding show quality, but it CANNOT be guaranteed.

This guarantee does not include the following: Hypoglycemia, Colds/Upper Respiratory infection, Coccidia, Giardia, and other minor illnesses.

If your puppy begins showing signs of any of these, the breeder must be notified immediately to help you find a solution.

**Buyer** is responsible for normal veterinarian visits: Vaccinations, wormings, any health test and regular check ups.

**Seller** makes no guarantee that the puppy is show or breeding quality and is being sold as pet only. We don't make any guarantee regarding

Known Abnormality(s) or surgery(s) prior to the puppy going home: \_\_\_\_\_

I, the new puppy owner, hereby agree to the above purchase agreement and the health guarantee for my new puppy and I signify that I have been made aware of any known abnormalities or surgeries regarding my puppy. Furthermore, I will commit to providing the best possible care to my new puppy after it leaves the breeder's premises.
